HIS EXCELLENCY, PRESIDENT CYRIL RAMAPHOSA, INTRODUCED IN HIS SPEECH ON 30 MARCH 2020, THE FOLLOWING:

"In the coming days, government will be rolling out a screening, testing, tracing and medical management programme on a huge scale.

Around 10,000 field workers will be visiting homes in villages, towns and cities to screen residents for COVID-19 symptoms. People with symptoms will be referred to local clinics or mobile clinics for testing.

People who are infected with coronavirus, but who have no or moderate symptoms will remain in isolation at home or at a facility provided by government and those with severe symptoms will be transferred to hospitals.

Using mobile technology, an extensive tracing system will be rapidly deployed to trace those who have been in contact with confirmed coronavirus cases and to monitor the geographical location of new cases in real time."

~ CYRIL RAMAPHOSA

IDENTIFICATION TIPS AND PRECAUTIONARIES

To keep the community safe from imposters, and potentially a burglary, the following criteria will be met by the Field Testers. They will:

- Have ID Badges
- Wear the same T-Shirts
- Carry their RSA ID Documents
- Be accompanied by a Police Officer
- *Tests can be done outside your home*
