

**\*PLEASE DON'T LEAVE REFUSE IN PARKS\***

(Note from Joburg City Parks & Zoo (JCPZ) regarding maintenance & cleaning of parks)

JCPZ is Still under lockdown. All parks are still closed for use.

Parks personnel are not yet in operation.

Once personnel return, they will deal mainly with maintenance of parks as per a particular schedule.

Communities should not be using the parks and messing these.

Our standby teams deal with tree emergencies only.

Communities illegally using our parks put our staff at risk if we need to clean up after them. Residents should place their waste in areas where Pikitup collects. They should not use parks infrastructure.

Pikitup have continued to collect refuse throughout the lockdown period.

We are in discussion with our teams and preparing to return to duty once all processes and requirements are fully in place and all risk factors are mitigated.
